KANSAS NOTICE!

There will be a meeting of the *Wisconsin Kansas Central Committee* at the rooms of the State Society, 198 East Water Street, on Wednesday morning, June 11th, at 10 o'clock. Important business will be brought before the meeting by the *Ex no Central Committee* A full attendance is earnestly requested

C T HOUGHTON, Sec'y.

Milwaukee, June 9th, 1856

We invite the particular attention of each member of the Committee to the above notice

The times require prompt action, and Milwaukee should not be behind in devising ways and means to render help to our friends in Kansas, whose wrongs are worse by far than those which raised the blood of our fathers in the days of the revolution

The following are the names of the Committee

John H Tweedy, E B Wolcott, E D Holton, Jas Douglas, J M Durand, J Saville, J Nazro, S M Booth, J H Paine, Wm S Lee, J Ogden, J Crouch, A H. Bielfeldt, G Menzel

NEWS OF THE MORNING.

We get very interesting news from Kansas to day, shewing that the Free State men are making head against their foes Gov Shannon has, it seems, issued another proclamation, in which he promises to treat both sides alike—as he has *not* done hitherto We have a couple of late letters from Lawrence which we will give to-morrow

Our Congressional report shews that the war in Kansas at length begins to attract attention there

Senator Crittenden, of Ky, has offered a resolution to send Gen. Scott to Kansas, to bring about peace

A dreadful collision has recently taken place on the Lockport and Niagara Falls R R

We have the particulars of a great storm of rain near Sheboygan

Our N. Y Correspondent, VIOLA, is carried away from his usual gossip by the subject which arouses the feelings of the whole North.

The Milwaukee and Mississippi R R is to be opened to Mazomanie, 23 miles beyond Madison, on the 16th

CLOSING THE LAND-OFFICES.

Barring out the People for the Benefit of Speculators.

Close upon the heels of the Land Grant of two millions of acres of Public Lands for the benefit of certain Rail Road corporations in this State, comes the unwelcome tidings that all the Land Offices of Wisconsin have been closed and are to be kept closed, till the favored Companies have selected their lands We cannot but regard this action as alike impolitic and uncalled for—The evils inseparable from the Land Grant policy are greatly aggravated by the closing of the Land Offices It must be months, and it may be a year, before the Companies can make their selections, and all this time the *entire* body of Public Lands within the borders of this State is to be withheld from market, and settlers and others hurried out from making their entries, or selecting their steads

The effect of such a policy upon the growth and prosperity of our State must be highly detrimental It checks at once the tide of immigration now setting strong and full towards Wisconsin, and turns it off into some other channel We learn that when the Stevens' Point Land Office was suddenly closed, by peremptory orders from Washington last week, one or two hundred men were there waiting to make entries and commence improvement Their disappointment may readily be imagined

Nor is there any necessity for the course which the Government Officers have adopted No Company can take under the act of Congress until our Legislature has made the necessary provision Why then should all the Land in the State be withdrawn from market before the Legislature has finally acted? Or why, at least, might not those lands not contiguous to the Rail Road routes indicated, continue to be offered for sale and preemption? In our judgment the Land Offices should be thrown open again, and the lands kept in market, till the Legislature has decided how or when the Congressional Grant is to be apportioned. It will be quite time enough then to close the offices and bar out emigrants and actual settlers for the benefit of Rail Road Corporators. To do so any sooner is to inflict an unnecessary blow upon the real interests of our State We hope, therefore, that the People and Press of Wisconsin will, without delay, appeal to their Senators and Representatives in Congress to obtain from the President an order *re opening* all the Land Offices in the State and keeping the lands in market, for sale and entry, at least until the Legislature has decided the spoils among the clamorous corporations who are already quarreling over the rich prize

The War in Kansas.

The accounts which are published to day, and others which we are daily receiving, place it beyond doubt that civil war, the result of the infamous conduct of Pierce, Atchison, Stringfellow, and their democratic supporters, is now raging in Kansas The Free State settlers, goaded to desperation, having suffered outrages innumerable, have taken up arms in earnest, and are making head against their invaders A single word from the President, sent to Col Sumner, direct ng him to interfere, and protect the rights of all parties, would stop the work of blood, but no! the troops are placed under the command of the infamous Governor Shannon and ordered to remain quiet, while the Missourians, Georgians, South Carolinians, and other ruffians, do their worst, and are never called out except to help the invaders Human nature can bear outrage and insult to a certain limit; there it turns upon its insulter.

The Free State men are in the right, and their brethren in the North will not see them murdered, without moving to help them

How long shall this state of things continue'

EXTENSION OF THE MILWAUKEE AND MISSISSIPPI R R INTO THE VALLEY OF THE WISCONSIN.—By advertisement to day it will be seen that the Mil. & Miss R R will be opened to MAZOMANIE, 22 miles beyond Madison, and near the Wisconsin river, on the 16th of this month Thus this pioneer road is pushing on steadily The work all along down the valley of the Wisconsin is well advanced, and as soon as the iron arrives, the track will be extended at once. Travellers beyond Mazomanie will find this extension a great convenience to them

Papers in the State which publish the advertisements of the Company, are requested to copy the one which we publish to day, till the 16th

JANESVILLE FOR KANSAS.—Our sister city of Janesville has done and is doing nobly for Kansas At the meeting on Thursday last, the full account of which we find in the Janesville *Free Press* subscriptions were made to the amount of $2 500 and over, and the good work is still going on — Not only are the friends of freedom there raising means liberally, but men are going daily, prepared to aid their brethren in Kansas with the strong arm We repeat, that Janesville has done nobly

NEW PAPER.—The *Western Times* is the name of a new paper, neutral in politics—a difficult position now-a-days—just started at Viroqua, Bad Ax Co, in this State, by J A SOMERVILLE. It looks well, and promises well

Men and Things in Gotham.

NEW YORK, June 6, 1856

Messrs Editors

Warm weather and warm topics effects Gotham at this present writing, and which of the two is the most fervid, it would require a "Mormon" to decide Very providentially for the blood, however, it snowed last week in various neighborhoods contiguous to this, lowering the Thermometer of our feelings to a Franconia temperature, but the eccentricities of nature were no match for the temper of the times, and the season called summer has resumed its sway, though the usurper may contest its reign at any moment Excessive thunder storms have lent additional variety to the past week, and rains of a tropical character have deluged our streets, and partially done what all have in vain waited for the street inspectors to do. Nature wears still the freshness of early Spring, and such crops of grass never adorned our Parks before, and but a step from the roar of wheels and the tide of dense travel will conduct one to all the rustic features of mowing and hay making, with the help of a little imagination by the way, for though the grass smells sweet in its drying, and a few town made juveniles go through abortive attempts by way of gamboling and turning summer saults amid the little hillocks of green—the mower with his scythe wears no rustic look, and the whole affair smacks of a base imitation of the real

City folks still linger amid their brick and mortar homes, for the weather has not been of a character to drive them to the usual fashionable resorts, or quiet rural nooks, as the case may be, though the attractive points, like Mr Snodgrass, have taken off their coats and informed the world that they are ready to begin, and give a general invitation to the world to come on

That never to be over estimated eatable—the Strawberry—has just made its advent here, and holds itself, as yet, aloof from all vulgar contact To old Gothamites in your midst, it will be a melancholy pleasure to know that the strawberry basket, like the ill fated peach receptacle, knows annually a steady decline in size—a disease emblematical of the various petty trials and impositions a long suffering community endure as if it liked them

Our market troubles, loud tongued, cried some time since for remedy, and remedy was promised, but the indignant cry died gradually away, and the evils of the system are now greater than ever

The recent outrage upon Senator Sumner is still the chief topic here Know Nothing Councils and Cincinnati Conventions pale before its fire, which East and West has broken out volcano-like, and convulsed the people, deciding the weak and nerving the strong for future action — The gathering at the Tabernacle last week, was the most remarkable one I ever witnessed The conservative element of the city never met in such force before, to express, without one spark of fanaticism or party feeling, Northern indignation at Southern insolence Language could not have been more calm and dispassionate, though decided, than was used by the various speakers It touched the sense, though not the feeling, of the vast crowd that listened to words of wisdom, though it longed for those of fire. Each emphatic sentiment was hailed with a roar that caused the old house to shake, and foreshadowed the effect of stronger language The adjournment of the meeting, instead of emptying the building, seemed to crowd it more, and the cry was furious for various popular speakers to address the crowd. Greeley, Chapin, Beecher, &c, and the latter being present mounted the platform and spoke for 15 minutes, as one seldom hears a man speak, 'twas not what he said, but the manner in which he said it, that told, and words which might seem tame to read, were given with such an intensity of manner that they thrilled the hearts of the audience like the voice of a prophet I cannot describe the wild wave of excitement which swept over the crowd but every man went home feeling that the right chord was touched at last by a master hand

Brooklyn, too, woke up and had a monster meeting, and further North every town has spoken out emphatically on the subject, the smaller places are thinking, and if signs do not fail, the result will be, fewer doughfaces at least in the next Congress, and the unchaining of the American Eagle to an extent that he may not be his attributes to show that, to a degree, he is a bird of Freedom

The extraordinary scene last Sunday, at Mr Beecher's church, you have had the particulars of Three thousand Christian men, in a Christian land, with the light of the 19th century around them, called without preparation to gaze upon a poor girl nearly white, begging them to redeem her from slavery and a worse degradation, made a sight the world never saw before Was it a sentiment, was it fanaticism, which filled that house with weeping that night? No, 'twas pity, shame and sorrow that bowed every head, and found vent in such tears as are seldom shed in a lifetime Never did a storm of applause, when 900 dollars were raised in less than 10 minutes break forth in the house of God before, to the horror of some who were not present, but which the pastor of the church called, at that time, how befittingly, a holy clapping of hands No sermon ever subdued the "old Adam" in a congregation as that remarkable scene did, that night, in Mr Beecher's church, and it is to be hoped that the man who sighed for some 40,000 parson power, was on the spot to reap the effects of it

The Central Park is just now receiving a good deal of attention, and vigorous steps are being taken for its improvement, so that in this generation, perhaps, it may become an object of pride and beauty No definite plan has been decided on, but ponds, ornamental trees, flowers, and whatever taste can create to charm, will be grouped, and perhaps a zoological attachment for a novelty The irregularities of the ground, which give here and there a fine view of the neighborhood and river in the distance, will be preserved as much as possible

It might be well to relate, as an offset to all these good intentions, the comical fact that our economical city, further, have leased out a portion of the place for a paltry sum to various possessors of hogs' flesh, and innumerable grunters for some time to come will in consequence be native there and to the manor born.

Gotham might be rendered a pleasant spot if anything but public plunder influenced its officials, but nothing is done to make it attractive to its denizens, who sweat and foam under a weary load the long years through A thoroughly working community need pleasant relief—say, out door music, good order, clean streets, attractive haunts for moments of leisure, anything to drive away, for one short hour per day, the stern realities of life, these things are cheap and pleasant foreign cities have them, and they are found to be the most conservative elements in controlling society, but with us, though all feel the want no one fills the blank Even our fountains do not play, with all our wealth of Croton, the basins are empty ditches, and not clean at that, and when the sparkling water should leap forth joyously, one beholds but dirty and discolored urns, monuments of dead water gods, dry bones, and a contemptible city government, which would be drowned cheaply if the act dried the bed of the "Croton" for all time. Our sister city, which has looked from her beautiful heights with feeling of envy at our glorious water privileges, till the desire was strong to become bone of our bone, &c, &c that she might participate in the same blessing, has finally decided to try the virtues of her own streams and ponds, which one would naturally suppose were of a limited character. The introduction of the water will cost between four and five million dollars, and the contractor is obliged to commence the work within ten days

This enterprise is calculated to have considerable influence on the future prosperity of the City of Churches, and all lovers of cleanliness pray for its speedy consummation

A REIGN OF TERROR IN KANSAS

A GUERILLA PARTY SURPRISED.

Five Men Killed at Ossawatomie!!

LAWRENCE, STATE OF KANSAS, SATURDAY, May 31

Editors of the Chicago Tribune

KANSAS TO THE NORTH

There is a Reign of Terror in Kansas The prospects of Freedom are gloomy The Northern Squatters are yielding to despair Their only hope is in Northern resolution If the people of the North command their Representatives to stop the supplies unless Kansas be *immediately* admitted to the Union, they will fight and struggle till the end but if the supplies are granted without the provision, they *must* yield to the overwhelming foreign forces united to subdue them

The position of the Northern people of Kansas is one of imminent peril The troops, the Courts, the Blue Lodge and the Southern army under Buford and others, are incessantly employed in robbing and harassing them

If Northerners unite for mutual protection the troops immediately disperse them, and a party of Missourians or Alabama ruffians, following in the footsteps of the soldiery, plunder and insult them with impunity

Every man who is capable of acting as a leader is either under arrest or under indictment

The farmers are forced to be idle in their fields for several hours daily in order to keep up a watch for the approach of guerillas

Scouts ride all night in several districts

Mounted marshaling her forces again

Lies, and garbled intelligence, are sent in legions along the border counties to exasperate the people of that State against the Free State settlers and their political opinions

A civil war or submission to arbitrary rule, to decision on the Bench, military dictation and armed mob law, are the only alternatives before the people from the North, in this Territory, who are resolved, at all hazards, to remain here

Col Sumner has removed from Fort Leavenworth, and the marshal Gen Harney has been appointed to succeed him Harney hates North ern principles as intensely as he hates the Indians while Col Sumner, on the contrary, was supposed to be favorable to the Free State cause and to Northern men We mean to subdue you' said Douglas—and Harney was chosen to execute the threat

Unless the free North does her duty, without a moment's delay, this threat will soon be a fact

Such is the belief of the Northern squatters in this State Having stated it, and endorsed it, I will now chronicle facts

FIVE MEN KILLED

Horrible stories are told in Missouri of the murder of five Pro Slavery men at Ossawatomie It is said that their throats were, cut and their corpses mangled and chopped into inches Of course, the Free State party, as a party—every Northern man and every southern man with Northern principles—in the Territory, is accused by the organs of the ruffians with this imaginary and revolting atrocity.

It is stated that their houses were entered at midnight and the victims of this outrage murdered in their beds

I remained a day at Prairie City, in order to find out the truth of this report I sent a messenger to Ossawotomie to investigate the circumstances

The facts, of course refute the Missouri version of the affair.

Five men were killed There is no doubt of that fact

Their names are William Sherman, better known as Dutch Henry, a father and two sons, named Doyle, and Mr Wilkinson, a member of the House of Representatives of the Bogus Kansas Legislature

They were shot by a party of Free State boys —at least I infer so, from the cause of their summary execution

These men have killed and threatened the lives of the Northern Squatters in that section ever since the invasion of November last — Doyle and his son have been particularly active in harassing and assaulting the Free State men On the day on which these men were killed, a flag inscribed "*Head Quarters of the Dough Faces Alone*" was hoisted over Sherman's store A Free State man went in and inquired the price of powder The man told him he charged ten cents a pound to Pro Slavery men, but as he was a d——d nigger thief he would have to pay twenty five cents

Some angry words passed between the parties Wilkinson then seized on the squatter, and told him that, as he refused to acknowledge the Territorial laws as valid enactments, they would give him a lesson to teach him what his principles would lead to Throw a rope ought to have been hung long ago and now as they had him in their power, by G—d they would give him his due

They kept him confined an hour or two After dinner they took him out, went down with him to the woods, put a rope around his neck, and an end of it over the limb of a tree, and were preparing to hoist him up

"*Fire!*" cried the same voice who had given the order to fire

The man who's life was so mysteriously and unexpectedly saved, as soon as he removed the rope from his neck, went into the woods and shouted for his friends

But they had disappeared as suddenly and mysteriously as they came

This act will be made the excuse for arresting every man in that section of the State, who has made himself obnoxious or is likely to be a leader in defending the lives and property of Northern men

CONFUSION

The boys of Lawrence have recently picked up, out of the river and streets, several small boxes of type, formerly used in setting up the Free State newspaper and the *Herald of Freedom* Before the editors of these journals emigrated from the States, one of them was a National Democrat, the other a Free Soil Whig "fused"

The boys have the types of both offices and moulded them into Sharpe's Rifle balls

Whether they will not be more dangerous to tyranny in their present form than they were before Lecompton ordered the destruction of the offices is a problem which will be solved ere long

NOTICE TO LEAVE

Mr Wellhall, a Free State man, formerly from Missouri, received notice to leave his house and property without delay, on Wednesday morning last, from a gang of Pro Slavery men at Palmyra They hunted for him several days, and finding that they could not arrest him, informed his wife and another lady residing with them, that if he did not quit in less than a week they would burn his house to the ground

It will be remembered that Dr Westfall gave damning testimony before the Congressional Investigating Committee He and his friends, it appears, must be punished for their evidence

Fate and Very Important from Kansas

Border Ruffian Accounts.

ST LOUIS, June 8

The Extra Westport Border *Times* of the 5th, received last night, says news from a reliable source reached us yesterday

The town of St Bernard, Kansas, was burned by Free State forces, on the night of the 3d — $12,000 or $15,000 worth of property destroyed

LATER

A company of six men arrived here last night who state that yesterday morning at 8 o'clock the Abolitionists attacked and captured the town of Franklin, *number not about* 300 men, whilst *only* 12 or 15 men were in Franklin on the Pro-Slavery side!

Mr Fishmaker and two others are reported killed The men who came in belong to Captain Fleming, a Company of emigrants They say they fought Abolitionists *about an hour*, but being largely outnumbered finally fled and the town was taken

Making due allowance for the great stories told by the ruffians above mentioned, 11 of whom claim to have fought "800 Abolitionists for about an hour,' there is reason to suppose that some sort of a collision has taken place, in which the ruffians were worsted The following accounts are from Missouri papers, which are dreadfully shocked at the outrages committed upon their fellow citizens from Missouri it being *the* fox that is gored this time

[From the Westport *News*]

Yesterday the steamer *Jas H Lucas* arrived, bringing later intelligence from this troubled Territory, by which it will be seen that the despatches published yesterday are, in some of their features, contradicted We are glad to learn that affairs are not as bad as was anticipated, although they are yet horrible in all their details A battle has been fought between a company under the command of Capt. Pate, numbering about thirty men, and a gang of about seventy or eighty Abolitionists, in which two pro-Slavery men were killed and three wounded Pate, it will be seen, was not killed, but taken prisoner Donaldson, it is reported, was also wounded and taken prisoner.

Mr McGee received a severe wound in his thigh, and was brought to Westport.

[From the Kansas Enterprise—Extra]

JUNE 3 10 o'clock, A M

We are indebted to Mr Isaac Long who has just returned from the Territory, and who was one of Capt Pate's company, for the following later and contradictory news

He says that the battle between Capt Pate's company and the Abolitionists lasted four hours — He lost two men and three wounded Loss on the enemy's side not ascertained After the conflict Capt P seeing the imminent danger his force (thirty strong) was in sent a flag of truce to the enemy by a guarded prisoner This was not accepted, and then in return sent for Capt P, who went out guarded and was taken prisoner with his men with the exceptions of Mr Coleman R Ream and Isaac Long the bearer of this news These men—brave at heart and true to the emergency of the interests of the South—fought like tigers and when their force yielded they were unmolested as necessary nor did they surrender

Recruits are needed Persons are hearing to answer their call hourly They need horses badly Many persons are compelled to stay at home on that account Cannot adjacent counties furnish horses? If they will, they will find many true and warm friends of the South ready to mount them and proclaim "Southern Rights," over the bodies of the Northern fanatics who seek to crush their rights in that Territory by midnight assassinations and secret plots!

The following letter from a gentleman at Westport, contains some additional particulars of interest —

WESTPORT, June 3, 1856

Full, yesterday morning Mr H C Pate a commissioned officer under Gov Shannon, who had taken some of the murderers at Shermanville, and was on his way to Lecompton, was attacked at Black Jack Point by a superior force, and after fighting hard until ten o'clock, having four of his men killed, and four wounded, for the want of ammunition, was compelled to surrender During the fight a large Santa Fe train was passing and Capt Pate seeing his men overpowered and falling called for a volunteer to go to the train for help A Captain Washington undertook the errand, but in the attempt was cut off from his comrades and wounded, finally making his escape to this place I extracted the ball, and he left yesterday for Lexington When the capture party were ordered to stack their arms, a Wyandott Indian named Long, cried out, "A Wyandott never surrenders,' and at the same moment dashed through the party, under a heavy fire and made good his escape, gaining Westport last evening

General Whitfield having just arrived with the Congressional Committee, who are now here in session, started about ten o'clock last night with 100 volunteers, to rescue Capt Pate and his party Black Jack is 38 to 40 miles distant, immediately on the Santa Fe road Capt Wm Bent, and Henry C Laing and party are now encamped on the battle ground A. G B

Mr Wilcox, of the steamer Genoa, informs us that at the time of his passage down an intense excitement was pervading the river towns and counties, and at nearly every landing rumbus of persons pressed eagerly on board to gain intelligence from the Territory He reports that companies were forming at Lexington and Boonville, and from other points, volunteers in squads of five to ten, were departing from some other points in wagons

Col Sumner, commanding at Fort Leavenworth, had repaired with eight companies of cavalry to the scene of the disturbances, resolved to take prompt measures for the restoration of peace The remaining two companies of that regiment were left by him in garrison at that post

Terrible Railroad Accident in New-York.

From the Buffalo Express 7th

A dreadful collision occurred on Thursday night between 9 and 10 o'clock, at Pekin Station on the Lockport and Niagara Falls branch of the Central road Our informant is a gentleman attached to the American Express Company who came up from Suspension Bridge yesterday morning

The express train going east and conveying the passengers by the day Express train over the Great Western Railway arrived at Pekin station at 9 40, being 1 second time There it was to meet the train going west which was also on time, and was attempting to get upon the switch in order to allow of the passing of the other train when the first named came up at full speed and drove into the other with a tremendous crash

Two persons were instantly killed and eighteen were more or less severely wounded

The killed are Mrs M F Stevens who's luggage was marked Charlestown, Mass and Wilbur Haynes of Rochester, fireman of the train moving west Mr Stevens body was shocking ly mangled, the top of her skull being torn off, and the brain exposed She must have died at once The body of Haynes was found some distance from the train, lying on a bank and much bruised.

The names of the killed and wounded are as follow

KILLED

PORTAGE CITY MATTERS

The Portage *Independent* says that forty work men recently commenced excavating earth, near where the Depot of the Milwaukee and La Crosse Road is located in that city It looks for the cars there in six months—says real estate is rapidly rising, and a new impetus given to business of all kinds

The same paper says there are over forty places where rum is sold under license in that city, which it considers rather a large number for a town of only 3,000 inhabitants The editor complains bitterly of the results of selling liquor to the Indians, and gives vent to his 'pheelinx' in the following strong language

Every day for two weeks, there has been from one to a dozen or more drunken Indians in our streets Gigantic, half naked dirty Ingins toothless, wrinkle-up old she Ingins, sore eyed shrunk-shanked, hungry looking he Ingins, in all ranks, grades, conditions, and ages of Ingindom, from the toothing antediluvian to the papoose tied on to a board, are seen drunk in our streets daily It is only a year since the tawny Winnebagoes beat a squaw's brains out, and buried her papoose alive within our city limits The tragedy caused about as much excitement as though somebody had shot somebody's pet dog with a baked potatoe'

STORM AND FRESHET IN SHEBOYGAN COUNTY — We learn from the Sheboygan *Times* that on Tuesday last a heavy rain storm, accompanied with thunder and lightning, passed over that County, the rain falling in torrents for five hours, and swelling the streams and Sheboygan river, to an unprecedented height. The *Times* says

A large amount of property has been destroyed along the river above here A portion of the dam of Curtis' Mill, three miles west, was carried away with his boom and entire stock of logs, together with some 20,000 feet of lumber. J Leighton's boom, at his mill just below the Falls, gave way, and with it went about $3000 worth of logs—dam uninjured At the Falls, C D. Cole and A P Lyman's booms were both carried away, and several hundred thousand feet of logs passed on The new Plank Road bridge near Dr Seeley's was carried away, as were also several others beyond the Falls

On the Ohio River all the bridges are reported gone, and both the dams of David Giddings, Esq who has also lost over 200,000 feet of logs

On the Mullet the dams of both Humphrey's and Knowles' mills are said to have been carried away In fact, no freshet has ever caused such a destruction of property in this county as the present

HUNKER DECENCY.—The New York *Day Book*, Pierce's sole organ in New York, closes a leading editorial on Senator Sumner, thus

"The time is close at hand when such statesmen as Sumner and Hale will have justice, full justice done them, when, in short, an Abolitionist will be lynched as readily in New York and Boston as in Charleston or New Orleans'

SUBSCRIPTIONS TO THE MILWAUKEE AND HORICON RAILROAD.—In our last we alluded to this matter, as to the amount that should be taken in this and Marathon counties, and on the division of the road between Berlin and Stevens Point At first there was some doubt as to the confidence that would be evinced towards the Road along the line It is no longer doubtful—the people are subscribing the Company in the most ample manner by their subscription We are told by the Stock Agent, Mr Esen, that his almost hopes are more than realized, and that the fairest prospects appear of an early letting of the work.

The fact is this is the great trunk road of the State, and will eventually command the attention not only of our own people in Wisconsin, but of foreign capitalists It has now some rival projects, but are long it will have none that can compete with it Running from Milwaukee to Superior City with a branch from this village to St Pauls, it bi sects the State in the centre, touching Lake Superior and the Upper Mississippi making them both tributary to Milwaukee, and drawing on the main arteries that control the State One half, that portion of it from Milwaukee to Stevens Point, is certain, almost beyond a contingency, et being soon built and equipped, the other half must inevitably follow, being only a question of time — *Stevens Pt Pioneer*

MILLS BURNED.—We learn that yesterday morning the large flouring mill known as the "Constantine Mill," in Constantine, St Joseph County, was totally destroyed by fire The mill was originally built by J R Williams, at a cost of about $25,000 It was latterly estimated to be worth $15,000 It was owned by Mr A Shirley, of this city, Tilden Ames, Richard Williams, of Buffalo, and a man named Grannell, of Massachusetts There was no insurance and the whole is a total loss

The steam saw mill at Wayne, we also learn, was burned up yesterday afternoon, together with a large amount of lumber The fire took from the mill es while the men were absent at dinner The loss is estimated at 14,000, on which there was no insurance It was owned by Samuel Walker We regret to record this disaster — *Detroit Tribune*

DIED

Of Cholera, on the 25th of May on the Steamer *Oriental*, at San Juan del Sur, JOSEPH HIGGINS, aged 49 years, on his way home from California

Mr Higgins was one of the first settlers of Milwaukee, having come here in 1836 He was a man very much respected by all who knew him He leaves a wife, resident of this county

Chicago Market.

CHICAGO, June 9

The grain market is rather firmer it is morning, but was heavy this afternoon, from unfavorable advices from New York. For spring wheat 97c in store was offered Cheaper but sales are made at 96c this evening, and only 85@90c is offered We give sales and no asked rates as follows

FREIGHTS.—A contract was taken at 1c for corn to Ogdensburgh which is about the rates going, or 1½ nominally 8c to Buffalo A large fleet arrived in port since Saturday, and several of the warehouses are full of grain to load them with

CORN.—Two cargoes sold at 35c on board last half July 2 500 bu h sold also at 35c A few thousand bush ch in lots went to store at 1c low 56 lbs, equal to 29 cts on board A few sales of heated sold at 29@30c, and some in bags delivered at 30c per 60 lbs

SPECULATION IN SUGAR.—There has been for some time says the New York Herald a movement going on in sugars both in London and other provincial markets of the world Like cotton, it is supposed that consumption has overtaken the productive available ability of labor devoted to its culture When the recent advance in sugars set in, the sugar growing country has augmented its supplies while in some places including the State of Louisiana in this country, the reports have exhibited decided indications of diminished crops

It is reported on the most reliable authority that Messrs Rothschilds, of London and Paris have entered the sugar market to a large extent, and have prevailed recently in Havana It is known that these houses have agents distributed all over the world where there is commerce of importance These agents are found in sugar growing countries as well as in other places It is through these persons that the house, it is said has been enabled to obtain reliable information as to the supply of the world And then by ascertaining the amount required for consumption generally, more or less correct data could be obtained on which to base a large speculative movement Since the 1st of May, and especially since the unfavorable prospects of another crop in Louisiana have become known, prices have rapidly improved in his market and sugars have been high, both in Paris and London, during a good part of the winter and spring, and should they continue to be sustained the house is reported to have engaged in purchasing largely can not do otherwise than make money

CHILLS AND FEVER.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of diligent and unremitting research, a medicine has been discovered which will, in every case effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions He is assured by the evidence of hundreds of cures which they have effected, that this medicine

CITY MATTERS.

POLICE COURT, JUNE 10.

BEFORE CLINTON WAINWORTH, POLICE JUSTICE

Charles Major, drunk and disorderly, fined $2. Mary Purns and Mary Goss do do, fined $3 each. R T Billwin drunk and disorderly, fined $1 and costs, to default went to jail for 5 days. A E Phillippe, violation of ordinance relating to nuisances, case dismissed on payment of costs. Wm Simons Witte, charged with assault and battery upon Mrs Goll found guilty and discharged. Chas or Henderson, a black man charged with assault and battery upon Mrs Miles, a German woman, was tried and found not guilty.

STEALING A SHAWL—A HARD CASE.—A woman named Bridget Sullivan was examined on a charge of stealing a shawl of the value of $9 the property of Margaret named Mary Hickey. The circumstances of this case were singular as it would be difficult to convict. On the 24th December the complainant attended the Catholic Orphan Fair held on that night at the Military Hall on Third street. On the Sunday week after one of the assistants in the fair shawl, the one cut out of the back of the defendant, who sat in the same pew or next to the Catholic. She informed the Police, after first having the woman, who told her she bought it in Watertown, she inquired at Marks, and found they had never sold it or had any like it. The defendant told the Police that she bought it at auction at Wells, and defendant's husband told them in her presence that he bought it from a woman named Daley. Mr Ledyard of the firm of Boyd & Ledyard, stated that he sold the shawl to the complainant, and that it was the only one they had of the kind.

The defendant was, that Mrs Daly found it as well as the one on the witness in the Lace article to those the Police would not be sold it to the defendant for $8. Mr Ledyard was recalled, and stated that he did not believe that a cut out on of the shawl that had been found in the water.

The Court discharged the defendant, remarking that, upon the evidence, he did not think a Police Jury would convict, but directed the Chief of Police to take charge of the shawl, and also to come on the back of the woman who had found it, one in private and to notify the District Attorney of the particulars of the property from the wreck. Both shawls were taken by the officer, and the witness taken by surprise.

We have not the slightest doubt that the shawl was the property of the complainant and we believe that a servant girl who can deliberately sworn out of a piece of property that must have cost cost her several week's earnings to obtain. The different stories told by the defendant and her husband are not to be reconciled with innocence.

JUST WHAT WAS WANTED.—A Dining Saloon—The Bill of Fare of the New York Dining saloon in the lower room of Young's Hall, will be found in our advertising columns this morning. A referee to the items will show that it is conducted on the principle of "Sweeney's" in New York City, and that at any hour of the day persons may be accommodated with a warm meal with the advantage of having a selection from such a list of fare larger than any Hotel or Boarding House in the city.

The place is tastily fitted up, and is beautifully clean while the prices are remarkably low affording a good meal at a trifling cost. Messrs Yoddock & Martin are the proprietors, and they have engaged the services of a first rate cook to ensure satisfaction. In Young's Hall is the place.

REFURBISHING ON THE NEW YORK & ERIE R R.—In the present condition of the New York Canals the facilities afforded by the New York & Erie Railroad for the cheap and prompt conveyance of freight become of the first importance to Western Merchants. We learn that the N Y & E R R Company are now bringing heavy loads from N Y to Middletown, by Railroad, to Buffalo and Steam to Lake Shore, at 2½ cents per hundred lbs. This is a very low figure, and despatch as well as economy secured by the arrangement, goods coming through without being taken from cars to shelter decks.

ALEXANDER H PEASE is engaged at Chicago as N Y & E R R, will give any information on the subject that may be desired. Goods to be shipped by the route mentioned in the bill marked N Y & E R R Steam Lake Line.

GAS FITTINGS.—We invite attention to the advertisement of Messrs M G FISCHER & Co, of their very handsome stock of Gas Fittings, just opened in the store lately occupied by Beckeler Bros. Take their stock together—Crockery and Glass Ware and Gas Fittings—and it would be unlike a person of taste to make a fine display, in a store which admits of it. Messrs FISCHER & Co have such a store and stock and the latter is in assortment is admirable and worthy of note, both by the trade and by the public.

POISONING DOGS.—The Police were busy yesterday, in attempting to poison dog. A number of both Policemen and dogs, were in front of the Police Office at last, up comes a dog close to one of the stars down goes the piece of meat to the dog's throat off trots the dog and in about a quarter hour comes back for more—he poisoned did not work.

We watched the operations of the Police for some time, and thought of the boys answer when catching rats He was asked "how many he had caught" and answered—"Well when I get this one I'm after now, and an other one, I'll all have two"

SHOCKING ACCIDENT TO A CHILD.—A little boy named Finnegan, whose parents reside on Huron street, near Jefferson was shockingly hurt by the falling of a door, belonging to a pile driver stationed at the corner of Jefferson street. The child was playing with others on the sidewalk when the derrick, about 8 inches square, and 30 feet long by some means fell crushing both legs of the boy, and nearly severing one of them from the body, the other was badly fractured below the knee. He died in about an hour.

THEATRE.—MRS THORNE was greeted by a full house last night at her benefit, and the performances gave great satisfaction. The Company leave for Janesville shortly, and the fine new hall in that thriving city will be filled doubtless, with appreciating audiences. We commend them to the good offices of our brethren of the press.

THE CHRISTY MINSTRELS.—This popular band of vocalists give another series of Concerts in our city at and the remaining evenings of the week, at Young's Hall. They will no doubt attract full houses.

HORSES.—The *Traveller*, which arrived from Chicago yesterday, brought 72 horses 18 of them for Hamilton, on Main Street.

FOR BUFFALO.—The propeller *Illinois*, for Buffalo, leaves this evening. For passage, apply to John Grillo, on Huron, near Main Street.

FOR SUPERIOR.—The steamer *Lady Elgin* will leave for Superior City to morrow evening, at 8 o'clock.—For passage, apply to John Gr ffin.

REMEMBER this Wednesday June 18th, is the day that I sell the Nursery at Milltown, 3 miles Ward Now let every one consider, and help relieve a lot or Lots for themselves and their families. There is no deception in this property In a few years it will be all built up. This Nursery is adjoining John Lockwood's and Gliddon's addition and what will make the property very valuable and very desirable for the proposed beautiful City Park that adjoins it Again I'm breaking up of the lots in Murray's Addition the title is the very best There is no mortgage on any of the property Then the terms on which they are to be sold is very easy 1/3 cash balance in 1, 2 3, and 4 years, with seven per cent interest

I consider this one of the grandest, and best opportunities to purchase as I have not any more of any sale I have had. Old, Young, Speculators and all be on hand, June 18th at 10 o'clock, a my store

TWO HUNDRED desirable and valuable Lots to be sold to the First Ward, City of Milwaukee On Wednesday morning, June 18, at 10 o'clock, I will sell to the highest bidder, on the east ern cross prop rty has ever been sold all of that desirable plat of Murray's Addition commencing two hundred feet south of Walnut st in John on the Lockwood and Gliddon's Additions and Johns also the city property which is to be appropriated for a City Park The lots are all very beautiful high and very level or with slight grades, and they are one mile of the side the Light House The Plank Avenues are to run through them in fact it is the most desirable property to make investments in of any property now in the City The lots are of a good size, forty feet front one hundred and twenty feet deep, with alley s in the rear You must all agree with me when I say that the First Ward has the most eligible, cheap lots for beautiful and private residences The lots in Murray's Addition will command as high price in five years as lots do now in Astor, Beerber, Laurens Thompson and Walnut streets, I can assure you they should not, our city is bound to go ahead, and is bound to have a population of one hundred and fifty thousand inhabitants, and the modern style of house is which are now going up in Lockwood & Gliddon's addition with the various Parks around certainly must make it so in Murray's Addition desirable and valuable At all events there is no great risk to run The terms are very easy The lots will sell low, affo ding an opportunity to all classes to secure them a home and when once a home is obtained it never can be taken away no matter what misfortune may occur for our laws are made to protect the widows and orphans, and the unfortunate Terms of sale will be one fifth down balance in 2, 3 and 4 years with 7 per cent interest The best title in the world Mr Murray gets it from Government I will have one thousand lithographic maps of said Addition in a few days, which I will give to all who wish one, if they will call at my store

South Carolina to Her Sons.

A writer in the New York Evening Post gives the following address of the "chivalrous" Palmetto State to her sons:

To arms, my children, up and do!
Ye northern speaker- where!
Your mothers are weak and few,
Yours is weak, unarmed,
Your long-boasted valor fled,
Has left your country naked to its foes,
Too low sunk, to stand to defend,
Has fled, where you've crouched, the tongue—
The land that gave birth to your Calhoun,
Exhausted of its crop of men!
But yet you have Lawrence and Keitt,
And many such patriots,
If I have not, I can, and can do them,
So, sisters, arm, my hand,
And fill me with your love and zeal,
Your country and mine to defend,
To plant its banner on the walls,
The field I tread, but send me,
All energetic, to the enemy,
Or, beg me of a hero,
Then wrap me up and put me in a cloth,
Aggie and with cold steel,
Don't argue with the cold world,
But—have me in the back!

THEATRICAL CLIQUE.—That intense humbug, "Prof." Conner, gets the following hard hit from a correspondent of the Madison *Democrat*:

He set to work to impart a secret disclosure to such of those who wished to be posted, for a slight pecuniary consideration, barely sufficient to cover expenses, (he being a philanthropist, laboring for the good of the race and not for filthy lucre,) namely five dollars; from which operation they obtained the gratifying and astounding information, that if they put seed into the ground properly, (*properly*, of course he said, must vary with the kind of soil, &c., of which they must judge for themselves,) it would grow and produce a good crop! Providence of course, was not expected to mix in and spoil it. These conceiting individuals mostly left the presence, with one of these active little insects in their hearing apparatus, which are so noted for not being where you put your finger; but on the principle that "misery loves company," they universally regarded the injunction of secrecy, which was all that gave point to the story, until their neighbors "went in" and did likewise.

F. M. LANE'S
PERMANENT GLOSS PAINT.
An Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lighest and most opposite tints to the yellow color of the oil itself; the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a tolerably long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different variety of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints; possessing superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also, Plain and Ornamental Painting, decoration of Private Dwellings, Churches, &c., Signs and Fancy Painting. F. M. LANE, 22 Spring street,
